MY DEAR SEALMAGICIANS !

It is heartening to see your confidence in Sealmatic grow stronger each year. As we have concluded 2025–2026, we are nearing our mission of becoming the world's number four sealing technology company (technically). We may not yet match the "big three" in size, but we certainly match them in every other aspect – ***"We may not be as big as them – we are as good as them or even better"***

Our growth and success are rooted in **consolidation, integration, and value creation**. Beyond our commercial achievements, we have reached new heights in customer and employee satisfaction. I want to thank the SealMagician family for their unwavering commitment and unique management style, which we truly value. Sealmatic remains dedicated to creating excellence in everything we do.

MY LIFE, MY PASSION, OUR JOURNEY

15 YEARS OF SEALMATIC: THE PERMANENT FACTOR

As we celebrate 15 glorious years at Sealmatic, I find myself reflecting on my own journey in the world of mechanical seals. Since graduating from the University of Mumbai in 1988, I have navigated this intricate industry—a path I first stumbled upon by chance, but one that quickly became a lifelong passion. I didn't know then that this "roller-coaster ride" would become my entire world.

Today, Sealmatic is not merely a workplace, but a sanctuary. You, the SealMagicians, are my family. People often ask what drives me, and the answer is simple: my SealMagicians. The adrenaline of this business and the deep emotional connection I have to this company are what keep me going. To imagine life without my SealMagicians is impossible, as the work we do fuels my spirit and defines my purpose.

I want to express my deepest gratitude to our "SealMagicians." Beyond the business milestones, I treasure the bond we share—the mutual respect, the late nights spent ensuring customer delight, and the tireless dedication to excellence. Our celebrations, where we shed inhibitions and come together as one, reflect the true heart of this company. We work hard, and we celebrate even harder.

As we embark on our next chapter—moving from **15 years toward 25 and 50**—I am confident you will continue to lead with sincerity and integrity. Thank you for making Sealmatic great.

Best & Warm Regards,

Umar AK Balwa
(Humble SealMagician)
